UPPER VALLEY FUN

*Exploring the Upper Valley One Adventure at a Time*

**WHAT I DID!**

Let someone younger go before me	Found out which liquid has the fastest bubbles	Created a massive bubble	Figured out how the bees get pollen into their hive
Got a top to spin on its head		Shared with someone	Tried at least two puzzles
Decided which musical sound was your favorite	Build a fort, castle or structure from the blue blocks	Said please and thank you	Counted the number of fish the museum has
